

This map is designed to help you find Villa Miya in reference to the West side of the island, Paphos and the airport.

Finding Villa Miya:

From the airport road, turn right at the T-junction. Drive for approximately 3km where the road rises over the motorway via a bridge. Immediately after this, there is a petrol station on the left hand side. Turn right into the road signposted Mandria. Continue along this road, under the motorway and follow the tree-lined road into the village square. At the end of the village square, turn left and follow the road, taking the last right turn leading down into Aiya Irini Beach Villas. Villa Miya is on the right hand side and has a sign on the front of the building.
